# August 2015

## **What's happening this Month!**

**Nursery Room:-** Our Nursery Friends, Some of you may have noticed our new white bag tags/ labels attached to your child's bag. This is a new way we are trying to make sure that messages are passed on and a reminder to parents for certain things. E.g. needing a hat or maybe more nappies. Our brown thumb looks like it is turning a little shade of green. We have successfully started growing oats that Savannah and her mum donated. Thank you. Now with the beginning of August is here we have now set up our sprout kit and watering alfalfa and cress, Thank you to Jasper and ma for the donation, fingers crossed we can grow them too. Until next time

Mrs. Swingler and Miss Jones.

## **Toddler Room:-**

Hello Friends,

Well we have been very busy over the last 2 weeks exploring our bodies and senses. The children enjoyed blindfold painting and tracing around our body's. That was a huge hit , then helping to colour them in. We made volcano's in the sandpit and used ice cubes and bicarb-soda another great Activity had by all. We ended up with nicely coloured hands. :) Our bike riding on the senior side was also fun. So now as the weather warms up we will become more adventurous with fun times outside. Kindest Regards

Miss Paroz and Miss Graham.

## **Up coming Events**

**August 2015**

## **What's happening this Month!**

### **Junior Kindy Room:-** Hi all in Junior Kindy

This month we have been looking at our favorite animals and their habitats and what they eat. The ant circus is a favorite, maybe need some more ants, they are a bit slow on the tunneling.

Our mache bee is hanging in the room and our chooks are under construction. We have extended on this due to the children's interest in Gardens and our food.

In our room already, we have set up some carrots and celery tops to see how they grow, we plan on doing some flowers next week.

We are learning each other's names and which letter they start with and writing it on the chalkboard, the children love trying this themselves. Shapes and colours are also in the mix, looking at things in the room and working out the shapes as well as the colours of items including our clothes. Miss Milton is a hit with the children, it is going to be a busy month. Just a reminder to send in some extra undies for the children please, we have a number of children, even the older ones who don't quite make it to the toilet, due to play commitments. Until next time

Mrs. Woods and Miss Milton.

### **Senior Kindy Room:-**

Wow we are already in August, Happy Birthday to all having a Birthday this month. Throughout the next 8 weeks we are concentrating our recognition of our ABC'S, counting, colours and shapes. We will also be looking at recognizing our written name and the letter our name starts with and continue to trace and write our name. Please remember spare clothes ,sheets, hat and all items must be named. Please also a gentle reminder not to bring toys to daycare, a small teddy for rest time is okay, all other toys should remain at home. Please if you have any concerns or questions please feel free to make an appointment. Have fun and smile. Mrs. Earley and Miss Mac.
